September 8, 9 & 10, 2017

*Held in conjunction with the Big South Fork Endurance Ride
Friday, September 8, 2017: 10, 20, 30 and 50 mile courses
Saturday, September 9, 2017: 15, 30 and 55 mile courses
Sunday, September 10, 2017 4 and 10 mile Ride and Tie courses, Equathon-10 mile ride & 4 mile trail run*

What is a Ride and Tie? A Ride and Tie is a race with teams consisting of two runners and one horse. The objective is to complete a cross-country course in the shortest amount of time. At the start of the race, one partner begins riding and the other running. After a distance, the rider will dismount, tie the horse at a self-determined place and continue on foot. Soon the other partner will reach the horse, mount and ride to catch his partner in front of him. By "leap-frogging" in this manner, the race course is covered by all three team members. The final team time is when all three team members have crossed the finish line.

What is an Equathon? An equathon is a race where a rider does a course, comes back to start point. When the horse comes down to veterinarian criteria, the human (can be rider or different human) completes the trail run.

Trails: The event will take place on established horse and hiking trails in the Big South Fork National River and Recreation Area (www.nps.gov/biso/) located about 60 miles northwest of Knoxville. Trails are well maintained with mostly good dirt footing, but there is also some gravel, sand, rocks and numerous creek crossings. When the trail goes in and out of gorges there are 500-foot elevation changes.

There is no big secret about the course; however, weather may change the course. On Friday, we plan to use trails on the north and south side of Hwy 297 including the O&W railroad grade. On Saturday, we plan to cross the Big South Fork River at Station Camp Ford (easy to wade at normal summer levels) and proceed to the Station Camp East Trailhead for away vet check before returning to camp.

For the away vet check, management can transport items for you and there will be water for all. You may also take items out the day before. If doing the 15-mile course, please arrange with management for your horse transportation back to camp.

On Sunday, the 4-mile Ride and Tie consists of a 2 mile out-and-back, designed for beginner level participants. The 10-mile Ride and Tie utilizes Jack Ridge Loop and Bypass Road. For the Equathon, we plan to utilize Jack Ridge Loop and Bypass Road for the horse part and the Oscar Blevins Loop (hiking only) for the running part.

Lonely Hearts: The best place to find a partner is on the Ride and Tie website: www.rideandtie.org. The race manager may know of others. Also check the East Coast Ride and Tie Folk Facebook page.

Gluttons for Punishment: Sure, you can enter all three race days. Try to change up your teammates (horses or humans) to spread out the fun. Just make a copy of the registration form and release.

Rules (not many-only one page) of the Ride and Tie are on the Website at www.rideandtie.org. There is a park rule that horses must be cross-tied between trees off the trail. There are some stout hitch racks along some of the trails. Helmet use is encouraged for everyone while mounted. Competitors under 16 years of age must wear approved safety helmet while mounted during a race (helmet approved by AHSA, PCA, ANSI290.4 or Snell). Your team can stay together the whole time if you feel safer that way.

Entries and Cancellations: Entries will be graciously accepted till 10:00 PM EDT Labor Day Monday night before the event. Event day entries are discouraged but accepted anyway--those awards might be mailed. If the Ride and Tie Manager is notified prior to 10:00 PM EDT Labor Day Monday night before the race, nearly all the registration fee will be refunded.
